

SEX OFFENDER AWARENESS

A one day course for non-specialists

Aim of the course:

To provide participants with a basic awareness of how sex offenders operate, how they are managed under the Multi-Agency Public Protection Arrangements, and the principles of risk assessment. The course also gives participants some understanding of how to identify and report patterns of potentially risky behaviour.

Who is this course for?

This course is ideal for all those with a duty of care who know that they do or might come into contact with sexual offenders as part of their work with non-offending populations. It is designed for organisations wishing to improve their safeguarding structures and practices in line with best practice guidance.

Who will deliver the training?

The training will be delivered by TDI's specialist training consultants who are expert in engaging with participants and helping them learn in a relaxed environment, whilst addressing sensitive and complex subjects.

The course runs over one day using interactive techniques and media, including group work, videos, case studies and discussion.

Course Schedule

Morning

What is sexual offending?
How do sex offenders work?
